

Elan EkoFlex™

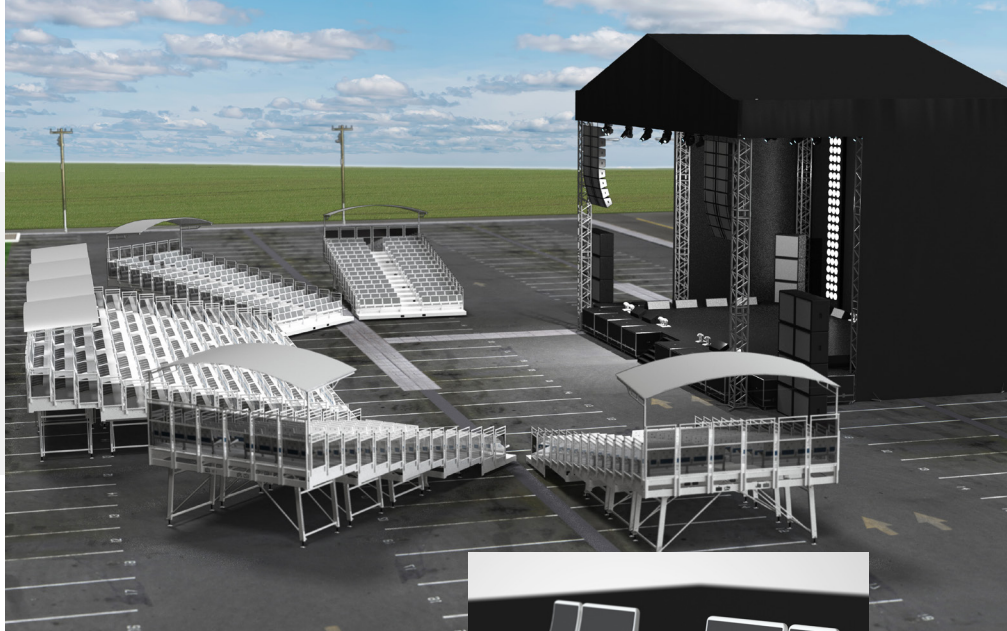

SUSTAINABLE OUTDOOR SEATING SOLUTION

Make your outdoor event unique and comfortable

Elan EkoFlex™ is a unique multifunctional innovative seating solution for hosting outdoor cultural or sports events, congresses, concerts, or other outdoor events.

A sustainable, technological, smart, safe, and mobile sophisticated seating system meets the highest energy efficiency and automation demands, which is and still will drastically become one of the main priorities of outdoor event organizers.

Create a unique outdoor venue

One of the main advantages of Elan EkoFlex™ is its unified pre-manufactured modules which allow easy and fast assembly with not much manpower needed.

The innovative grandstand structure allows adaptation to the uneven ground with an advanced anchoring method and offers multifunctional weather protection. The adjustable legs can be placed on concrete, asphalt, sand, or grass.

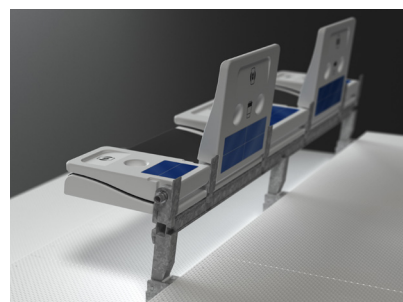

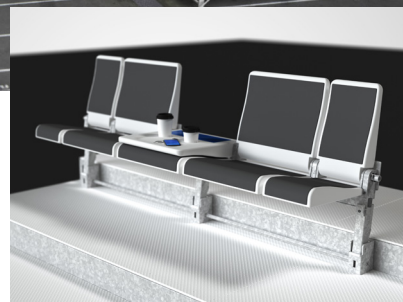

The first outdoor seating solution with advanced ergonomic seating and extra space offering the highest level of comfort

Newly developed seating solution EkoFlex™ provides an improved overall customer experience compared to the seating we nowadays see at outdoor events. The comfort we currently experience indoors will now be able to be experienced outdoors.

- Ergonomic foam
- Adjustable family bench
- Extra leg space
- Multifunctional use: bench, table, or a space divider
- Phone charging
- Cup holders

Get a free quote for renting an Elan EkoFlex™ grandstand on www.elan-inventa.com

We can also prepare a laser scan of the desired location and a virtual grandstand layout on the chosen terrain upon request.
